STUDENT SATISFACTION SURVEY - 2021-2022

This report presents the findings and analysis derived from the Avila College of Education Student Satisfaction Survey, designed to capture comprehensive understandings into various aspects of the college experience of students. The survey focused on key areas such as: Academic Satisfaction, Institutional Support and Services, Campus Environment and Engagement, and sought Feedback and Suggestions. Students were given rating options ranging from excellent to poor. The aim of this survey was to understand students' perspectives and gather valuable recommendations to enhance the educational quality and support services at Avila College of Education.

Academic Experience and Satisfaction: The survey probed into students' satisfaction levels regarding their academic endeavour at Avila College. It examined aspects such as the quality of teaching provided by faculty, satisfaction with resources and facilities, alignment of courses with academic and career goals, availability of academic guidance, and affordability of educational materials.

Institutional Support and Services: The survey collected information on the support services provided by the college, including counseling services, effectiveness of communication between faculty/staff and students, and the institution's responsiveness to student feedback and concerns.

Campus Life and Engagement: The survey explored students' participation in extracurricular activities, involvement in student organizations, overall satisfaction with the college experience, and likelihood of recommending Avila College to others. These insights aimed to understand campus life and engagement opportunities.

Feedback and Suggestions: Students were given the opportunity to share their feedback and suggestions for improving various aspects of their college experience. This section allowed students to express their opinions on areas needing improvement and contribute to enhancing institutional practices.

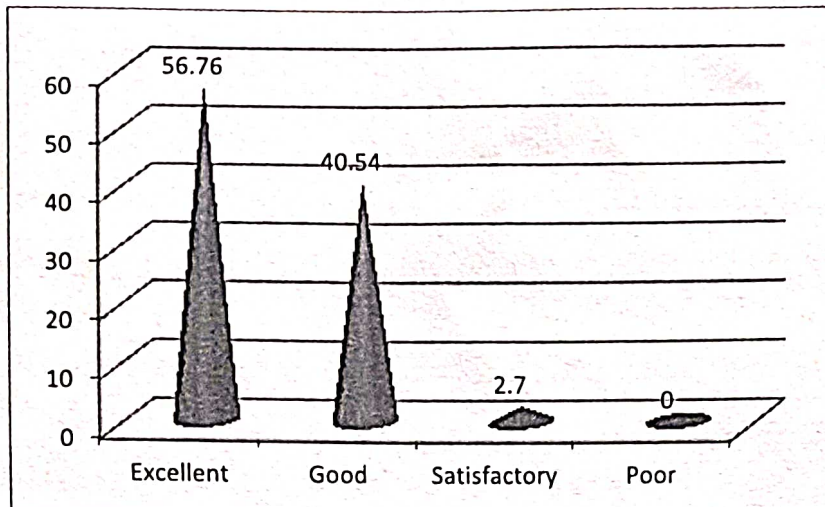

The findings from the survey conducted among students who completed the BEd programme in the 2021-2022 academic year have been analysed, and the results are outlined in the subsequent sections of this report. The insights and recommendations derived from this survey are aimed at offering guidance and suggestions for initiatives aimed at improving the overall student experience at Avila College.

GENERAL OBSERVATIONS

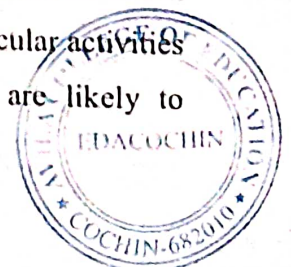

The academic experience and satisfaction at Avila College have been rated highly by students, with 54.05% expressing excellent satisfaction and 40.54% rating it as good. This indicates that the majority of students are content with their academic experience at the college. The quality of teaching is also highly rated, with 56.76% of students expressing excellent satisfaction and 40.54% rating it as good. This suggests that the faculty at Avila College is effective in delivering quality education. However, there is room for improvement in the resources and facilities available on campus, with only 43.24% of students rating them as excellent. While a majority of students (45.95%) still rate the resources and facilities as good, it is essential to address the 10.81% of students who are unsatisfied with the resources available.

In terms of institutional support and services, Avila College has received mixed feedback. While 54.05% of students rate the support services offered by the institution as good, only 29.73% rate them as excellent. This indicates that there is a need for improvement in the quality of support services provided by the college. The communication between faculty/staff and students has been rated highly, with 62.16% of students expressing excellent satisfaction. However, only 37.84% of students feel that their feedback and concerns are listened to and addressed by the institution. This suggests that there is a need for the college to improve its responsiveness to student feedback and concerns.

Regarding campus life and engagement, Avila College has received positive feedback from students. A majority of students (48.65%) are satisfied with the extracurricular activities and student organizations available on campus, and 48.65% of students are likely to

recommend the college to a friend or family member. The overall student life experience at Avila College has also been rated highly, with 59.46% of students expressing excellent satisfaction. However, there is still room for improvement, as 5.41% of students are unsatisfied with the overall student life experience. It is essential to address the concerns of these students to ensure that they have a positive experience at the college.

SUGGESTIONS FOR IMPROVEMENT

Students opined that Avila College is a great place for B.Ed. students to get a well-rounded education and prepare for their future careers. The college has a strong faculty and administration, but there are some suggestions for improvement:

- Create a career guidance cell to help students pursue higher education in educational research.
- Form an academic excellence hub to help students prepare for competitive exams.
- Encourage the use of technology in teaching.
- Consider changing the uniform to be more comfortable.
- Include a session in morning assembly for student teachers to discuss current educational issues and practice communication skills.

Students had a positive experience at Avila College and believe it provides a supportive and enriching environment for students.
